ITEM TITLE: **Supplemental Grant From Recycling Revenue Fund For Citizens For A Clean Lynchburg**

RECOMMENDATION:

Adopt a resolution appropriating \$3,000 to Citizens for a Clean Lynchburg, Inc. (CCL) from the Recycling Revenue fund for educational and recognition programs not covered by the Department of Environmental Quality's litter control and recycling grant.

SUMMARY:

In 1990 City Council established a Recycling Special Revenue Fund to receive / account for revenue from the recycling activities and to provide ongoing support to the two (2) volunteer group which promote recycling and litter control in the community (CCL and Keep Lynchburg Beautiful Commission). Consistent with this intent, an appropriation of \$3,000 is needed at this time. Since 1990, CCL has only requested one supplemental grant.

Since 1983, CCL has been an integral part of ongoing litter control and recycling efforts for the City of Lynchburg. The purpose of CCL is to educate the citizens of Lynchburg about solid waste issues including reduction and prevention of litter and education on recycling. In an effort to expand and promote this continuous effort, CCL would like to increase their participation with Lynchburg City Schools by sponsoring events and/or projects that promote good environmental stewardship. In addition, CCL would like to sponsor a special recognition program for all citizens who participate in annual sponsored cleanups including March on Litter, City Walkers and the Adopt-A-Street program.
